ABOUT ME

I have 1 year of experience in web programming at Codial and Najot Education Academy in Fergana. My services include redesigning websites or adapting and creating mobile and responsive designs. I will work with you to determine what you need and create the best possible solution. My priorities are quality and meeting deadlines and budget. I love to share my passion for my field, so contact me and let's start a conversation.

LANGUAGE

- Uzbek - At a high level
- Russian - Medium level
- English - At the elementary level
